
Still Open Still Local

Summer Shindig

YOU'RE INVITED!

A summer of celebrations, savings and supporting local

You're invited to celebrate downtown Chanhassen this summer. Join your neighbors for three fun, family-friendly events and take a little extra time to visit the local businesses that make this community feel like home.

LET'S BUILD A STRONGER DOWNTOWN TOGETHER

Investing in What Matters Most

Downtown Chanhassen is growing and changing in exciting ways. From the new City Hall to the Civic Campus—and vibrant new downtown living on the way—there's a renewed energy taking shape and more reasons than ever to gather, explore and spend time downtown. This summer, we're continuing that momentum with improvements along Market Boulevard that are focused on maintaining and strengthening a key part of our downtown.

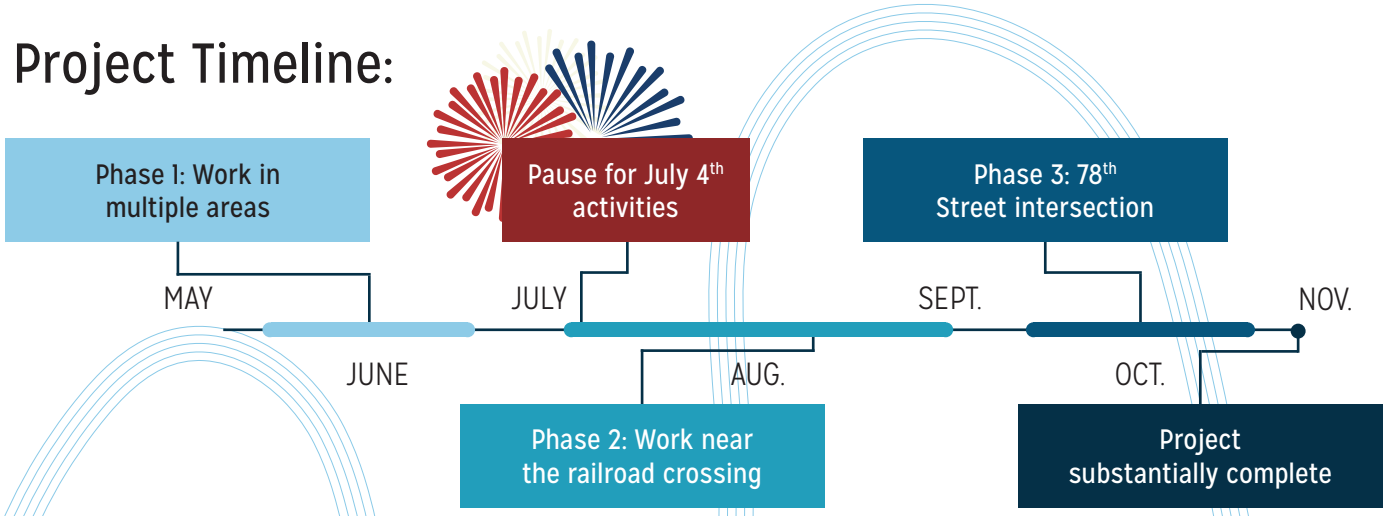
Project Goals:

- **Renew and modernize a key downtown corridor by replacing aging pavement, utilities and infrastructure to improve long-term reliability and performance.**
- **Make Market Boulevard safer and easier to use for drivers, pedestrians and cyclists through targeted roadway, intersection, and trail improvements.**
- **Support Chanhassen's growing downtown by coordinating infrastructure with nearby developments, the railroad, parks and future community needs.**
- **Deliver a fiscally responsible project by leveraging grants, outside funding and phased construction to reduce costs and minimize disruption to businesses and residents.**

More specifically, the planned work includes constructing an enhanced pedestrian and bicycle path along the east side of Market Boulevard, adding turn and traffic lanes, installing a new traffic signal at 78th Street and Market Boulevard, resurfacing pavement north of 78th Street including Chan View, and improving the railroad crossing. While much of the corridor will look familiar, these updates help ensure it continues to function well and serve the community for years to come.

As work gets underway, we're committed to making the experience as smooth as possible for nearby businesses by maintaining access, staying closely connected and supporting our local business community every step of the way. We know road projects can be disruptive, but our local businesses need us now more than ever. Whether it's grabbing coffee, shopping, dining or stopping in to say hello, every visit makes a difference. This is about the bigger picture: a stronger downtown, a more connected community and a place where local businesses can thrive well into the future.

Project Timeline:



CONFIDENCE IS AN Investment THAT PAYS FOR LIFE.
Clarity. Resilience. Self-trust.

Thank you
to our residents & businesses for supporting local
Spend local. Save local.

WHAT TO EXPECT THIS SUMMER ON MARKET BLVD.

Construction on Market Boulevard is planned to begin in May and continue through the fall, with work completed in phases to reduce overall disruption.

- **Work will happen in stages, not all at once**
- **Access to all businesses will remain open throughout construction**
- **Routes may shift during different phases, with clear signage in place**
- **The goal is to complete key areas early to support major summer events**

Thank you for your patience and for continuing to show up for the businesses that make downtown Chanhassen such a special place.

Stay Connected

We are actively managing access, signage and communication throughout the project to help residents and visitors continue supporting local businesses. For updates, visit the project webpage **Chanhassen.info/Market-Blvd-Project** or contact the city at (952) 227-1160.
